- i. Update to the dodgeball rules of cycling in. To be added under Section 11, as part "c."
- ii. When a member of your team is injured as a result of a play from the opposing team, and the injured member of your team would be considered IN, a player who is OUT may substitute in for said injured player. The substituting player must be the next one in the rotation. No other substitutions will be made for injured players.

 - i. Changing the current rule about the countdown process.

ii. "In the case when a team has the majority of balls, 3 or more, and does not make a valid throw by the end of a countdown, the team then relinquishes possession of all of the balls to the other team.

When the balls are split, 2 balls on both sides:

If one team throws a valid ball before the end of the countdown while the other team does not, the team who has not thrown relinquishes possession of all of the balls to the other team. The play made by the thrown ball before the countdown counts as fair play.

If both team do not throw before the count down, both sides keep their balls (2 on each side), and one player holding the ball is called out, captain's choice."

e. **PROPOSAL: Include Tagging Up to the Kickball Rules** (*what we already do*)

i. ADD TO SECTION 8. B.

1. The tag of a base by any part of a fielder's body, while the fielder has control of the ball, before the runner originating at that base can tag-up as required due to a caught ball will result in that runner being out.

ii. ADD TO SECTION 11

1. A tag-up is a requirement to retouch or stay on a base if a kicked ball is caught. After a tag-up a runner may advance. A runner failing to tag-up as required allows that player to be made out by tagging the player or the originating base.

PROPOSAL Part B: MODIFICATION OF TAGGING UP TO STANDARD RULES

MODIFY ABOVE IN SECTION 11

- A tag-up is a requirement to retouch or stay on a base until the ball is first touched if a kicked ball is caught. After a tag-up a runner may advance. A runner failing to tag-up as required allows that player to be made out by tagging the player or the originating base.
